

Photography — Apertures and related properties pertaining to photographic lenses — Designations and measurements

ICS 37.040.10

National foreword

This British Standard is the UK implementation of ISO 517:2008.

The UK participation in its preparation was entrusted by Technical Committee CPW/172, Optics and photonics, to Subcommittee CPW/172/1, Fundamental standards.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 June 2008
