

BSI Standards Publication

Steel for the prestressing of concrete

Part 4: Strand

National foreword

This British Standard is the UK implementation of ISO 6934-4:2020.

The UK participation in its preparation was entrusted to Technical Committee ISE/104, Concrete Reinforcing and Pre-Stressing Steels.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
