

Textile machinery and accessories — Beams for winding

Part 4: Test methods and quality classification of flanges for weaver's beams, warper's beams and sectional beams

ICS 59.120.20

National foreword

This British Standard is the UK implementation of ISO 8116-4:2008.

The UK participation in its preparation was entrusted to Technical Committee TCI/33, Textile machinery.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 May 2009.
