Reciprocating internal combustion engine driven alternating current generating sets

Part 7: Technical declarations for specification and design

National foreword

This British Standard is the UK implementation of ISO 8528-7:2017. It supersedes BS 7698-7:1996, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee MCE/14, RIC engines.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
