

BSI Standards Publication

Plastics piping systems — Polyethylene (PE) pipes for irrigation — Specifications

National foreword

This British Standard is the UK implementation of ISO 8779:2020. It supersedes BS ISO 8779:2010+A1:2014, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/88/2, Plastics piping for pressure applications.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
