

BS ISO 8820-4:2010

BSI Standards Publication

Road vehicles — Fuse-links

Part 4: Fuse-links with female contacts (type A) and bolt-in contacts (type B) and their test fixtures

National foreword

This British Standard is the UK implementation of ISO 8820-4:2010.

The UK participation in its preparation was entrusted to Technical Committee AUE/16, Electrical and electronic equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
