Technical product documentation — Design for manufacturing, assembling, disassembling and end-of-life processing

Part 1: General concepts and requirements

National foreword

This British Standard is the UK implementation of ISO 8887-1:2017. It partially supersedes BS 8887-1:2006, which remains current.

The UK participation in its preparation was entrusted to Technical Committee TDW/4, Technical Product Realization.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
