

BSI Standards Publication

**Solar energy — Specification and classification
of instruments for measuring hemispherical
solar and direct solar radiation**

National foreword

This British Standard is the UK implementation of ISO 9060:2018.

The UK participation in its preparation was entrusted to Technical Committee RHE/25, Solar Heating.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
