

BSI Standards Publication

Air cargo — Double stud tie-down fittings — Design and testing requirements

National foreword

This British Standard is the UK implementation of ISO 9788:2017.

The UK participation in its preparation was entrusted to Technical Committee ACE/57, Air cargo and ground support equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
