

BSI Standards Publication

Radiation protection — Sealed sources — Leakage test methods

National foreword

This British Standard is the UK implementation of ISO 9978:2020.

The UK participation in its preparation was entrusted to Technical Committee NCE/2, Radiation protection and measurement.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
