

Information technology — Radio frequency identification device conformance test methods

Part 63: Test methods for air interface communications at 860 MHz to 960 MHz

National foreword

This British Standard is the UK implementation of ISO/IEC 18047-63:2023.

The UK participation in its preparation was entrusted to Technical Committee IST/34, Automatic identification and data capture techniques.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations
