Information technology — Security techniques — Blind digital signatures

Part 2: Discrete logarithm based
mechanisms

National foreword

This British Standard is the UK implementation of ISO/IEC 18370-2:2016.

The UK participation in its preparation was entrusted to Technical Committee IST/33/2, Cryptography and Security Mechanisms.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
