Information security — Authenticated encryption

National foreword

This British Standard is the UK implementation of ISO/IEC 19772:2020. It supersedes BS ISO/IEC 19772:2009, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee IST/33, Information security, cybersecurity and privacy protection.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
