

Software engineering — Software product Quality Requirements and Evaluation (SQuaRE) — Data quality model

ICS 35.080

National foreword

This British Standard is the UK implementation of ISO/IEC 25012:2008. The UK participation in its preparation was entrusted to Technical Committee IST/15, Software and systems engineering.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 28 February 2009
