UDC 681.11 : 658.562

Ref. No. ISO 3158-1976 (E)

Descriptors : time-measuring instruments, orientation, symbols.

FOREWORD

ISO (the International Organization for Standardization) is a worldwide federation of national standards institutes (ISO Member Bodies). The work of developing International Standards is carried out through ISO Technical Committees. Every Member Body interested in a subject for which a Technical Committee has been set up has the right to be represented on that Committee. International organizations, governmental and non-governmental, in liaison with ISO, also take part in the work.

Draft International Standards adopted by the Technical Committees are circulated to the Member Bodies for approval before their acceptance as International Standards by the ISO Council.

International Standard ISO 3158 was drawn up by Technical Committee ISO/TC 114, *Horology*, and circulated to the Member Bodies in April 1975.

It has been approved by the Member Bodies of the following countries :

Czechoslovakia	Mexico	Turkey
France	Portugal	United Kingdom
Germany	South Africa, Rep. of	U.S.S.R.
Ireland	Spain	
Japan	Switzerland	

No Member Body expressed disapproval of the document.
