| <b>Contents</b>                                 | <b>Page</b> |
|-------------------------------------------------|-------------|
| 1 Scope.....                                    | 1           |
| 2 Normative references.....                     | 1           |
| 3 Definitions, abbreviations and symbols.....   | 1           |
| 4 General.....                                  | 12          |
| 5 Interchange format requirements.....          | 23          |
| 6 Encoder requirements .....                    | 23          |
| 7 Decoder requirements .....                    | 23          |
| <br><b>Annexes</b>                              |             |
| A Mathematical definitions .....                | 24          |
| B Compressed data formats .....                 | 31          |
| C Huffman table specification .....             | 50          |
| D Arithmetic coding .....                       | 54          |
| E Encoder and decoder control procedures.....   | 77          |
| F Sequential DCT-based mode operation .....     | 87          |
| G Progressive DCT-based mode of operation ..... | 119         |
| H Lossless mode of operation.....               | 132         |
| J Hierarchical mode of operation.....           | 137         |
| K Examples and guidelines.....                  | 143         |
| L Patents .....                                 | 179         |
| M Bibliography.....                             | 181         |
