Also issued in French and Russian. Copies to be obtained through the national standards organizations.

BRIEF HISTORY

The ISO Recommendation R 1398, *Rubber sealing rings for joints in asbestos-cement water piping*, was drawn up by Technical Committee ISO/TC 45, *Rubber*, the Secretariat of which is held by the British Standards Institution (BSI).

Work on this question led to the adoption of Draft ISO Recommendation No. 1398, which was circulated to all the ISO Member Bodies for enquiry in December 1967. It was approved, subject to a few modifications of an editorial nature, by the following Member Bodies :

Austria	India	Poland
Chile	Iran	Spain
Colombia	Ireland	Sweden
Czechoslovakia	Israel	Switzerland
France	Italy	U.A.R.
Germany	Japan	United Kingdom
Greece	Netherlands	
Hungary	New Zealand	

The following Member Body opposed the approval of the Draft :

U.S.A.

This Draft ISO Recommendation was then submitted by correspondence to the ISO Council, which decided to accept it as an ISO RECOMMENDATION.
